Email: sharon.january@cehmm.org (All bids/quotes/correspondence regarding this RFP shall be sent to this address for consideration.)

RFP Point of Contact: Kyle Dillard (575) 675-2327

Company Background

The Center of Excellence (CEHMM) is a 501(c)(3) non-profit corporation involved in research and development in southeastern New Mexico. The purpose of the CEHMM projects is to work toward practical solutions on issues that affect both human health and the environment. CEHMM is dedicated to wildlife conservation with holistic management approaches that not only benefit two particular species of concern, the lesser prairie-chicken (*Tympanuchus pallidicinctus*) (LPC) and the dunes sagebrush lizard (*Sceloporus arenicolus*) (DSL) but also provide environmental enhancements that are beneficial to all biotic factors within those habitats. For more information, please see website at www.cehmm.org.

Project Description

CEHMM requests bids for pipeline and tank installation. We anticipate approximately 5 water projects in the areas of Milnesand, Kenna, and Caprock, NM. In total, approximately 20,000 feet of 1 ¼" Numex (or equivalent) pipeline, twenty 20' fiberglass stock tanks, and three 12'X20' storage tanks. CEHMM will provide and deliver tanks to location. Bid will be specified accordingly:

- Cost per foot of 1 ¼" Numex (or equivalent) pipe including all fittings and valves, plus installation
- Cost per tank removal and disposal
- Cost per pad prep, including caliche hauled to within approximately two miles of tank location. CEHMM will provide caliche
- Cost per tank installation, including floats and valves
- Cost per tank anchor (4 vertical, 4 horizontal 2 7/8" pipe, concreted, capped and painted)

Old tanks, concrete and other waste created through tank removal will be disposed of in accordance with state laws by the contractor.

This contract will be for one year on a call out basis only with option(s) to renew solely and exclusively at the discretion of CEHMM. CEHMM reserves the right to contract with additional vendors to complete work in a timely fashion if necessary.

Submission Requirements

No work can be conducted between March 15th and July 15th due to Lesser-Prairie Chicken lekking, nesting and brood-rearing. Bidder will submit qualifications and past experience with similar projects. In addition, bidder must provide detailed project schedule and budget which includes cost of materials, supplies, labor and tax on labor. Please provide a cost breakdown of all materials needed.

Assumptions and Agreements

- **Be licensed to work in the state of New Mexico and comply with all applicable laws and regulations**
- **Provide their own liability, auto and workman's comp insurance**
- **Provide their own on-site safety oversight and all personal protection equipment**

- **Be responsible for disposal of waste in accordance with laws and regulations**
- **Provide all necessary equipment**

Additional Information or Clarification

Any questions should be directed to Kyle Dillard at (575) 760-2111.

Basis for Award

The award will be based on the following criteria in order of relative significance: demonstrated qualifications, experience with similar projects, and price.

Anticipated Selection Schedule

- Initial review and request for additional information if necessary – Up to July 27, 2018
- Final award – August 10, 2018
