Phone: (575) 675-2324

Email: sharon.january@cehmm.org (All bids/quotes/correspondence regarding this RFP shall be sent to this address for consideration.)

RFP Point of Contact: Kyle Dillard

Company Background

The Center of Excellence (CEHMM) is a 501(c)(3) non-profit corporation involved in research and development in southeastern New Mexico. The purpose of the CEHMM projects is to work toward practical solutions on issues that affect both human health and the environment. CEHMM is dedicated to wildlife conservation with holistic management approaches that not only benefit two particular species of concern, the lesser prairie-chicken (*Tympanuchus pallidicinctus*) (LPC) and the dunes sagebrush lizard (*Sceloporus arenicolus*) (DSL) but also provide environmental enhancements that are beneficial to all biotic factors within those habitats. For more information, please see website at www.cehmm.org.

Project Description

Aerial treat approximately 4028 acres of Honey Mesquite (*Prosopis glandulosa*) with a combination of Sendero and Remedy (Ratio of 28:8 oz). Project is in the Caprock, NM area.

Submission Requirements

Bidder will submit qualifications and past experience with similar projects. In addition, bidder must provide detailed project schedule and budget which includes cost of materials, supplies, and labor.

Assumptions and Agreements

The contractor will:

- Be licensed to work in the State of New Mexico and comply with all applicable laws/regulations.
- Provide their own liability, auto, and workman's comp insurance.
- Provide their own on-site safety oversight and all personal protection equipment.
- Be responsible for disposal of waste in accordance with laws and regulations.
- Provide all necessary equipment.

Additional Information or Clarification

Work can commence any time after July 15, 2018 if mesquite is favorable to accept application. Any questions should be directed to Kyle Dillard at 575- 675-2324.

Basis for Award

The award will be based on the following criteria in order of relative significance: demonstrated qualifications, experience with similar projects, when work can commence, and price.

Anticipated Selection Schedule

- Initial review and request for additional information if necessary – June 28, 2018
- Final award – July 3, 2018
